with **Geami**
WrapPak[®]

Geami WrapPak® is an eco-friendly alternative to protective packaging like bubble wrap and foam sheets.

Made from expanding die cut paper lined with tissue, **Geami WrapPak®** is ideal for protecting surface finishes and securing breakable goods, such as:

- ✔ Ceramics
- ✔ Kitchenware
- ✔ Glassware
- ✔ Electricals
- ✔ Pharmaceuticals
- ✔ Cosmetics

By choosing **Geami WrapPak®** you can enjoy some great benefits:

🕒 TIME SAVINGS

Geami WrapPak® is quick and easy to use so you can improve your wrapping speed and packing throughput.

☆ PERFECT PRESENTATION

Enhance your customer journey with a memorable unboxing experience. **Geami WrapPak®** is available in a range of finishes, including brown and white kraft expanding paper and a variety of coloured tissue papers.

🌱 ENVIRONMENTAL ADVANTAGES

You can enjoy peace of mind that **Geami WrapPak®** will help minimise your environmental footprint. It's 100% recyclable and made from a renewable resource.
